

## IA/IAX CABLE BTSPAC INSTALLATION

IA / IAX Cable BTSpac Installation..... Pages: 2 - 3

**Step 1:** Remove the rear wheel to simplify the installation.

**Step 2:** Install the lower screw. Turn 3 or 4 revolutions.

**Step 3:** Slide the box up over the top screw post. Insert the top screw and tighten to 4Nm.

**Step 4:** Tighten the lower screw by inserting a ball-end Hex wrench through the hole on the bottom of the box. Tighten to 4Nm.

**Step 5:** Insert the supplied plug in the hole to seal it.

**Step 6:** Reinstall the rear wheel.
